

Hello

I'm getting in touch as I'm hoping I might be able to enlist your support in helping us to find three new volunteers? I work for Alzheimer's Society. We run two Singing for the Brain groups for people affected by dementia – one in Grove and the other in Risinghurst. The groups are based on the principles of music therapy and singing and offer people with dementia and their carers a wonderful opportunity to socialise and have fun in a safe, non-judgemental and supported environment.

We urgently need three new volunteers to support these groups, two in Risinghurst and one in Grove. Full details are on our website: [Volunteer Opportunities](#) under the Berkshire, Buckinghamshire and Oxfordshire region.

I've no idea whether or not this is possible, but I'd really appreciate anything you can do to help spread the word about these volunteering opportunities. I've attached two posters in case you're able to arrange to have these printed and displayed on your local community notice board(s) and would also be more than happy to send you further details if you would like me to. If you would prefer for me to send you hard copies of the posters, just let me know.

With very many thanks in anticipation of any help you are able to offer and I look forward to hearing from you.

Unite with us against dementia.

All the best

Jane Penton
